

WireCell::RayGrid::
drop_invalid

```
graph LR; A["WireCell::RayGrid::  
drop_invalid"] --> B["internal::end"]
```

A diagram showing a call to the `drop_invalid` method of the `WireCell::RayGrid` class. The call is represented by a grey box on the left containing the text `WireCell::RayGrid::drop_invalid`. A blue arrow points from this box to a white box on the right containing the text `internal::end`, indicating the end of the internal function call.

internal::end
