

internal::make_arg

```
graph RL; A["internal::init::operator<br>value< Context >"] --> B["internal::make_arg"]
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'internal::make_arg'. The box on the right is white and contains the text 'internal::init::operator' on the top line and 'value< Context >' on the bottom line. A dark blue arrow points from the right side of the white box to the left side of the gray box.

internal::init::operator
value< Context >
