```

The diagram illustrates a header file dependency. At the top is a gray box containing the header file path 'sigproc/src/ROI_refinement.h'. Below it are two white boxes: 'sigproc/src/OmnibusSigProc.cxx' on the left and 'sigproc/src/ROI_refinement.cxx' on the right. Blue arrows point from each of these two boxes up to the header file box, indicating that both source files include this header.
