

WireCell::NamedFactory  
::create

The diagram consists of a light gray rectangular box with a black border. Inside the box, the text "WireCell::NamedFactory" is on the top line and "::create" is on the bottom line. Above the box, a dark blue curved arrow starts from the top edge of the box, arches upwards and to the right, and ends with a dark blue triangular arrowhead pointing down at the top edge of the box, positioned directly above the text "::create".
