

internal::chrono_formatter
::second

```
graph LR; A["internal::chrono_formatter::second"] --> B["internal::to_int"]
```

A diagram showing a mapping from a C++ type to a function. On the left, a gray rectangular box contains the text 'internal::chrono_formatter' on the first line and '::second' on the second line. A dark blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text 'internal::to_int'.

internal::to_int
