

spdlog::logger::info

```
graph LR; A[spdlog::logger::info] --> B[spdlog::logger::log]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'spdlog::logger::info'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'spdlog::logger::log'. Both boxes have a black border.

spdlog::logger::log
